

Heavy Truck/ Equipment Mechanic

Company: TCO Agromart Ltd

Location: Selby, ON

Details: Full time, hourly

TCO Agromart is seeking to employ an individual that will be in charge of improving, maintaining, and repairing the various trucks and farm machinery units within TCO's fleet. We hope to better utilize the tools and shop space we have available to increase reliability and functionality of the fleet. Although the business will have a steady demand for repair and maintenance, there will be occasions where truck driving and other operational duties may be required.

Key Responsibilities:

- Perform regular maintenance on TCO Agromart's fleet of trucks and heavy farm machinery
- Repair any damage or mechanical failures that occur within the fleet of trucks and equipment
- Keep detailed records on maintenance and repairs performed for each piece of equipment
- Order necessary parts and keep stock of important parts
- Perform pre safety inspections to ensure trucks are fit to be certified
- Make necessary improvements to equipment to increase functionality
- Keep tools up to date and organized
- Be willing to drive various trucks and carry out other operational tasks when necessary Skills and

Requirements:

- Valid Ontario certification as a heavy equipment technician/mechanic
- Experience maintaining, diagnosing and repairing heavy equipment
- Comfortable working on both aged and modern equipment
- Familiarity with agricultural equipment is an asset
- Experience driving and operating heavy trucks and equipment
- Strong independent work ethic
- Ability to coach and direct coworkers when carrying out large repair jobs
- Strong organizational skills

TCO Agromart is a retailer for agricultural inputs and services. We provide feed, seed, fertilizer, crop protection, general farm supply items as well as services such as custom spraying and nutrient application. The feed and farm supply segments of the business are fairly steady all year long, while the crop related segments of the business are seasonal and are much busier during the spring and summer months.
